

# RAQUEL PALMEIRA <sup>FOR</sup>

I AM A SOCIALIST FEMINIST LGBT RIGHTS AND ANTI-RACIST ACTIVIST. I AM A MEMBER OF UCL DEFEND EDUCATION AND WORKER'S LIBERTY, AND WHEN ELECTED I WILL...

## EDUCATION & CAMPAIGNS

### BREAK DOWN BARRIERS TO EDUCATION

- ◆ UCL not for profit: cheap hot food and accessible services on campus, and affordable childcare and rent.
- ◆ Improve 24 hour library access to departmental libraries. We should work when we want to.
- ◆ We should have a culture of free organisation and free speech for students. We need to campaign. That ranges from room bookings made easier to students being able to organise without being spied on by racist immigration officers.

### FIGHT FOR FREE EDUCATION

- ◆ Free education is more than just scrapping fees for home students. International students like me shouldn't have to pay either!
- ◆ Liberate the Curriculum! We should campaign for liberated, democratic and fossil free institutions, with proper working conditions for all staff.
- ◆ Education and teaching quality are a political issue: I will fight against all cuts to our education and for better and more wide-reaching bursaries and hardship funds for lower-income students

### SUPPORT OUR STAFF

It is the university workers who make our education possible. I will support our lecturers in their pay disputes, and will

- ◆ continue working with Justice for Cleaners to fight for their rights. I will support and work with Fair Play for TA's to organise for better conditions for our postgrad teaching
