

VOTE SOHAIL

No. 1 FOR

NUS

DELEGATE

Scrap PREVENT

The government's PREVENT strategy is racist, underpinned by flawed principles and toxic to the community spirit in the UK.

As an NUS delegate, I will do everything I can to support the campaign to bring it to an end.

Mental Health

Students all across the country are suffering in silence.

If elected, I will campaign to improve access to support services, to end the stigma associated with mental health, and to ensure that BME student's problems are not dismissed.

Free Education

Equal opportunity and fair access should underpin higher education. Not Profit.

If elected, I will campaign to halt any further increases in tuition fees, and will fight for a fairer education system.
