

## **Policy Proposal**

**Title:** The Union should create a "Commuters' Officer" role

**Policy Zone to be discussed at:** Welfare & Community Zone

### **1. What would you like the Union to do?**

Create the role of "Commuters' Officer" to be present at Activities and Welfare & Community Zone

### **2. Why would you like to do this?**

Around a quarter of UCL students are commuters, they have a low engagement rate with the union, this role would act as a direct line of communication with commuters and provide a means to increase engagement and welfare of said commuters.

### **3. How will this affect students?**

It will increase representation for commuters (thats a good thing).
