

President – November Report 1

Name: Gosku Danaci

Section 1: General Update

Same update as last week.

Section 2: Sabbatical Officer Priorities

How have you communicated with students in the past fortnight?

Yes, I try to meet students on campus whenever I can, especially our student staff. I plan to catch up with our Student Trustees - I still haven't managed to do that but will arrange once I'm back from COP29. I have regular meetings with the Sustainability Officer. Last week, I also met students at the Students' Sustainability Forum and had a very interactive session with them - student feedback was great.

1) Students have waited long enough and deserve a home on campus where they can make connections, discover new interests and do things they enjoy and love.

Scoping charette is still taking place and UCL Estates is providing us with the relevant information and updates. Liaising with them and continuing my lobbying efforts.

2) Our Students' Union is in a strong position to look out for students and ensure their success at UCL.

Same as last week.

3) Students have a voice outside of UCL with local and national government to ensure their needs and interests are taken into account.

Going over to COP29 to network mostly with individuals across the UK Pavilion. As a side note, Union's Policy Team and I had a successful meeting in regards to mapping key national stakeholders and reaching out to them.

4) Any other priority updates?

Nothing in particular - see last week.

Section 3: Attendance at important Union meetings and events

1) Union meetings attended and main outcomes
