

Societies Colours

General Notes

Individuals can only be awarded one tier of colours per year. However, on top of colours they can be awarded any other award including Societies Personality of the Year.

Dedicated Service: committed participation in activities and contributions to the successes of the society. Examples include attended almost all or all rehearsal sessions and turned up to almost or all social events that would have taken place online this year.

Exemplary Service: Has gone above and beyond expectation. The society's successes would not have transpired without the contributions and efforts of this individual. Examples include dedicated participation in society's volunteering on top of other society activities, responsible for beneficial developments or innovations and overcoming potential barriers to participation.

You will be awarded your colours under the society you choose on the nomination form but may and should include your contributions to all societies on the form.
