

**Amendment to Governing Documents AGD1103
Debating Procedure at UCLU Council**

Proposer:	James Skuse
Seconder:	Doris Chen
Passed:	Union Council, 15 November 2011

UCLU should:

1. Add the following text to the UCLU Byelaws Section 4, 26, the following part:
“Take parts – Union Council may choose to take a clause or group of clauses of a proposal in separate parts. There shall be one speech proposing how the motion is to be broken down & one speech against. The proposer of the procedural motion will then become the proposer of the motion of which parts have been taken.”

This is because:

Union Council should drive policy and campaigning activity effectively. There should therefore be a way for members decide which specific parts of a motion they deem appropriate or wanted, rather than having to refer back a whole document because of one point, or a wording issue.
