- Motion writing clinics and workshops with staff and DOC officer to help people run more informed campaigns.

## STUDENT CENTRE

2.

- Prioritise student voices in the final stage of the new Student Centre space usage.
- Overlook the final stage of development.
- Consultation with faith and spirituality societies for OCR plans.

## UCL EAST

3.

- UCL are looking at selling off the accommodation contracts for the next 30 years to the DBFO contractor. I will work on ensuring the contracts protect student rights rather than treating it as a business deal.

## MORE TRANSPARENCY AROUND PREVENT

4.

- Re-evaluate current strategy of countering PREVENT on campus and focus on giving students the power to mould the way in which PREVENT is applied on campus.
